The difference Little Lives Big Journeys has made

- ♦ Purchased 2 portable specialist cooling machines which have helped many babies who have been starved of oxygen at the time of their birth
- ♦ Purchased machines to measure levels of carbon dioxide in babies blood so we can ensure they are kept within normal limits during the ambulance journey
- ♦ Purchased breathing equipment so we can transfer babies closer to home much sooner

Please help us to continue to improve this service

This is MILES, he is our transport service teddy bear. Every baby we transfer is given their very own Miles to keep and take home.

Miles is a very well travelled little bear, as you can imagine, as we regularly complete over 140 transfers every month.

Little Lives Big Journeys

Centre Neonatal Transport accepts transfers for babies whose mothers booked to deliver in the following hospitals:

- ♦ Leicester Royal Infirmary
- ♦ Queens Medical Centre, Nottingham
- ♦ University Hospital of Coventry & Warwick
- ♦ Kettering General Hospital
- ♦ Northampton General Hospital
- ♦ Royal Derby Hospital
- ♦ Lincoln County Hospital
- ♦ Kings Mill Hospital, Mansfield
- ♦ Pilgrim Hospital, Boston
- ♦ Queens Hospital, Burton upon Trent
- ♦ Leicester General Hospital
- ♦ George Eliot Hospital, Nuneaton
- ♦ Warwick Hospital

The transfer of any baby, no matter how big or small and no matter how far the journey, will be a stressful time for new parents and families. Our professional teams aim to make it as stress free as possible for you and your baby.

How you can help?

If you would like to make a donation to help us improve our service there are several ways in which you can help:
